

Complete MCS Accredited 1.5kWp Solar Photovoltaic System

6 x Philadelphia Solar M60-250

1 x Inverter suitable for a 1.5kWp system

1 x 1 Phase generation meter

1 x AC Rotary Isolator

1 x DC switch

1 x 100m Single Core 4mm Cable

3 x MC-T4 female connector sockets

3 x MC-T4 male connector plugs

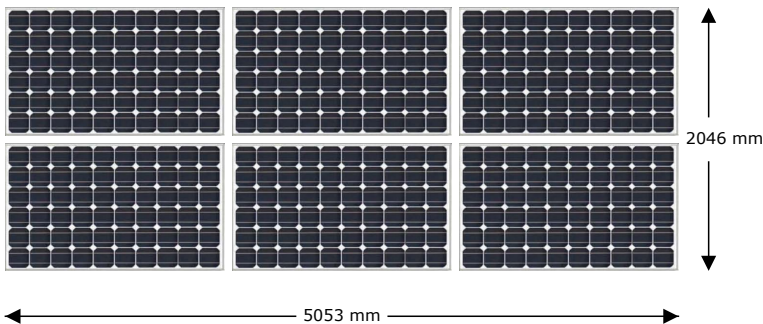

1 x Complete mounting kit

1 x Complete set of warning labels

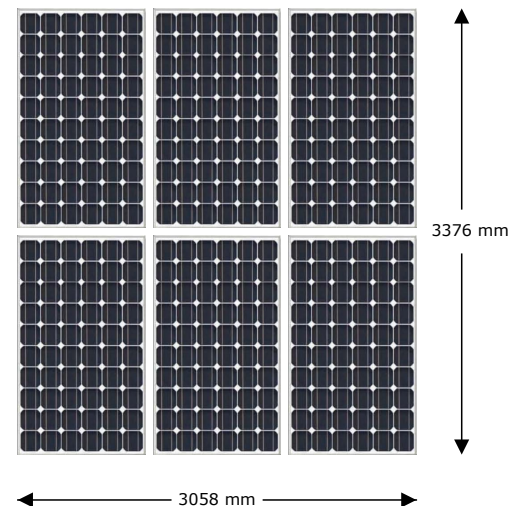

Two standard layouts available:

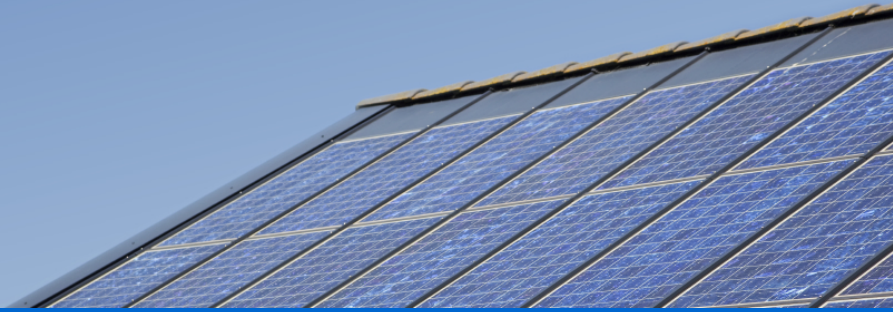

Non-standard configurations available on request.

Complete MCS Accredited 2kWp Solar Photovoltaic System

8 x Philadelphia Solar M60-250

1 x Inverter suitable for a 2kWp system

1 x 1 Phase generation meter

1 x AC Rotary Isolator

1 x DC switch

1 x 100m Single Core 4mm Cable

3 x MC-T4 female connector sockets

3 x MC-T4 male connector plugs

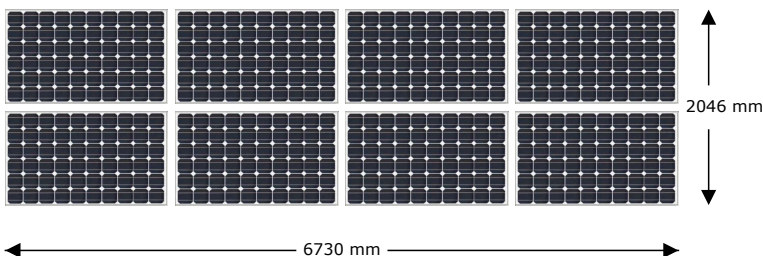

1 x Complete mounting kit

1 x Complete set of warning labels

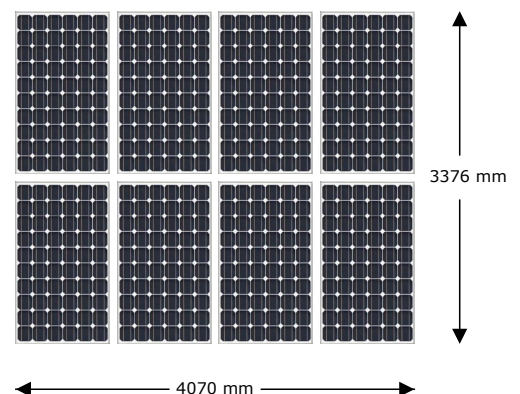

Two standard layouts available:

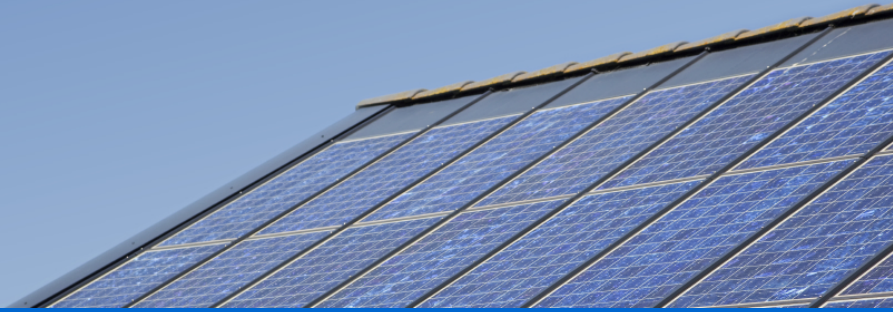

Non-standard configurations available on request.

Complete MCS Accredited 2.25kWp Solar Photovoltaic System

9 x Philadelphia Solar M60-250

1 x Inverter suitable for a 2.3kWp system

1 x 1 Phase generation meter

1 x AC Rotary Isolator

1 x DC switch

1 x 100m Single Core 4mm Cable

3 x MC-T4 female connector sockets

3 x MC-T4 male connector plugs

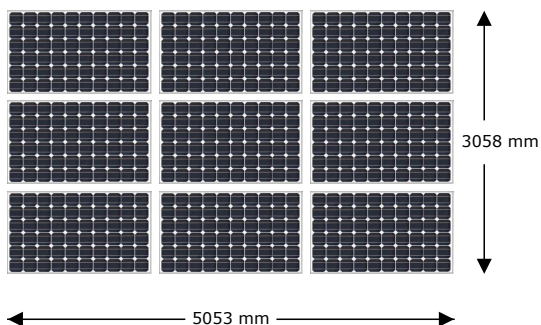

1 x Complete mounting kit

1 x Complete set of warning labels

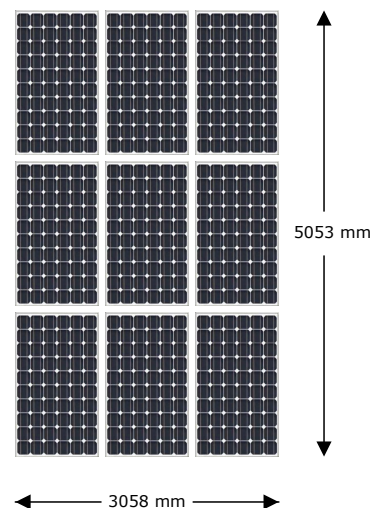

Two standard layouts available:

Non-standard configurations available on request.

Complete MCS Accredited 2.5kWp Solar Photovoltaic System

10 x Philadelphia Solar M60-250

1 x Inverter suitable for a 2.5kWp system

1 x 1 Phase generation meter

1 x AC Rotary Isolator

1 x DC switch

1 x 100m Single Core 4mm Cable

3 x MC-T4 female connector sockets

3 x MC-T4 male connector plugs

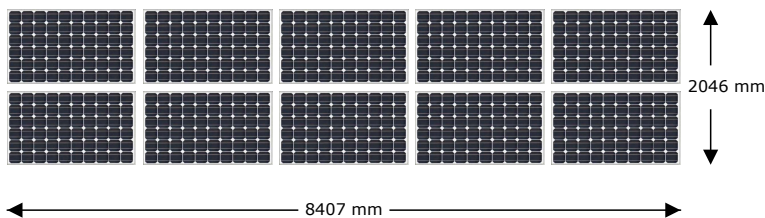

1 x Complete mounting kit

1 x Complete set of warning labels

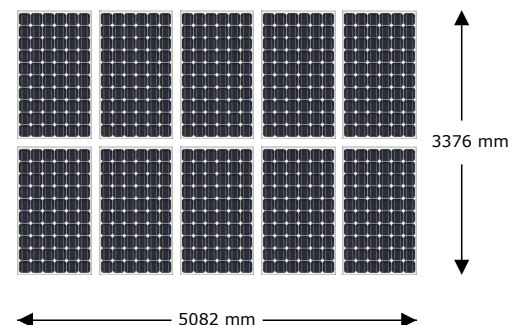

Two standard layouts available:

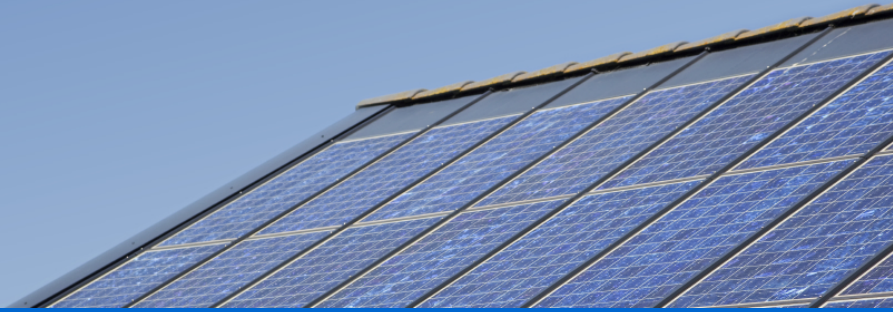

Non-standard configurations available on request.

Complete MCS Accredited 3kWp Solar Photovoltaic System

12 x Philadelphia Solar M60-250

1 x Inverter suitable for a 3kWp system

1 x 1 Phase generation meter

1 x AC Rotary Isolator

1 x DC switch

1 x 100m Single Core 4mm Cable

3 x MC-T4 female connector sockets

3 x MC-T4 male connector plugs

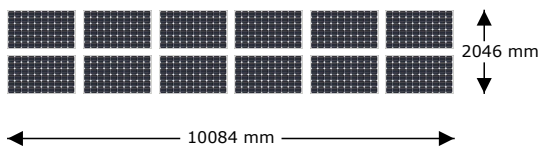

1 x Complete mounting kit

1 x Complete set of warning labels

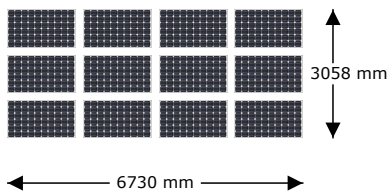

Four standard layouts available:

Non-standard configurations available on request.

Complete MCS Accredited 3.5kWp Solar Photovoltaic System

14 x Philadelphia Solar M60-250

1 x Inverter suitable for a 3.5kWp system

1 x 1 Phase generation meter

1 x AC Rotary Isolator

1 x DC switch

1 x 100m Single Core 4mm Cable

3 x MC-T4 female connector sockets

3 x MC-T4 male connector plugs

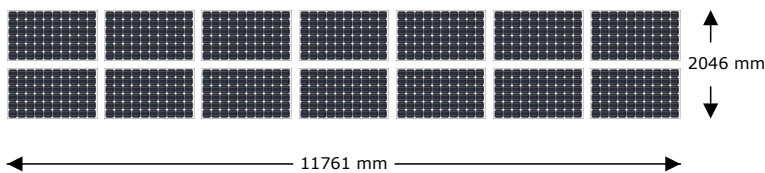

1 x Complete mounting kit

1 x Complete set of warning labels

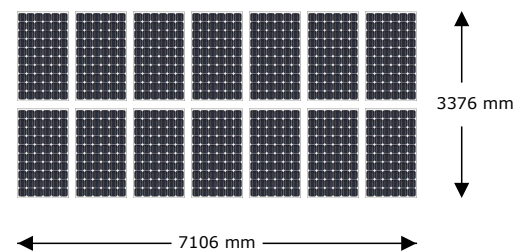

Two standard layouts available:

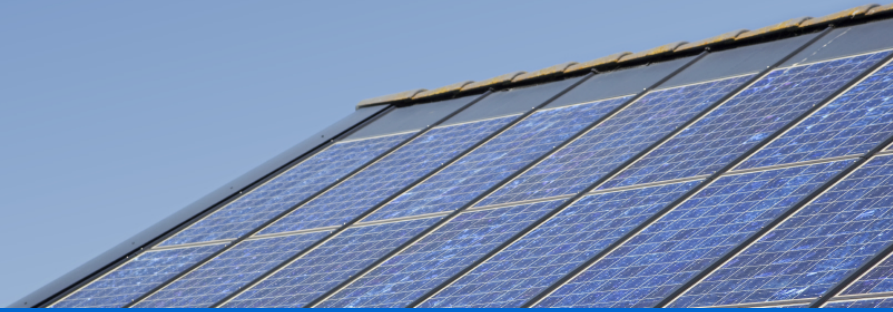

Non-standard configurations available on request.

Complete MCS Accredited 4kWp Solar Photovoltaic System

16 x Philadelphia Solar M60-250

1 x Inverter suitable for a 4kWp system

1 x 1 Phase generation meter

1 x AC Rotary Isolator

2 x DC switches

1 x 100m Single Core 4mm Cable

5 x MC-T4 female connector sockets

5 x MC-T4 male connector plugs

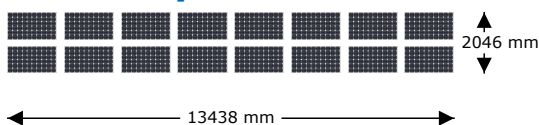

1 x Complete mounting kit

1 x Complete set of warning labels

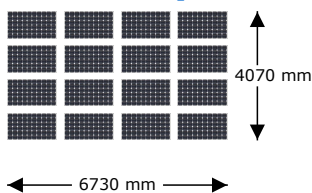

Four standard layouts available:

Non-standard configurations available on request.
